INDEX TO VOLUME 21

Subject Index

Abortion
Confronting the Reality of Abortion in Latin America, see **Latin America and the Caribbean**.

Menstrual Regulation: A New Way, Update, p. 91.

Africa
Acceptability of Spermicidal Film and Foaming Tablets Among Women in Three Countries, see **Barrier Methods.**

AIDS Is Deadly for Business, Too, see **Sexually Transmitted Diseases**.

Contraceptive Discontinuation in Six Developing Countries: A Cause-Specific Analysis, see **Contraceptive Practice**.

Contraceptive Use Among High School Students in Kenya, K. Kiragu and L. S. Zabin, p. 108.

Despite Desire for Smaller Families, Few Ghanaians Practice Contraception, Digest, p. 121.

In Nigeria, Traditions of Male Dominance Favor Large Families, but Some Men Report Having Fewer Children, Digest, p. 39.

In Zimbabwe, Quality Services Increase Contraceptive Prevalence, but Effect of Education Is Inconsistent, Digest, p. 120.

Kenya DHS Shows Large Fertility Decline Since 1980s, Rise in Method Use, Digest, p. 45.

Marriage and Childbearing Patterns Differ Greatly Across Developing World, see **Fertility: Planning and Effects**.

Mass Media and Family Planning in Kenya, C. F. Westoff and G. Rodríguez, p. 26.

Men, Marriage and Fatherhood in Kinshasa, Zaire, R. J. Magnani, J. T. Bertrand, B. Makani and S. W. McDonald, p. 19.

Preconditions for a Population Policy in Botswana, Comment, C. VanderPost, p. 70.

Pregnancy Punishment Barred, Update, p. 131.

Rural Tanzanian Youths' First Intercourse Is Early, Number of Partners High, Digest, p. 42.

Trends in Infertility in Cameroon and Nigeria, U. Larsen, p. 138.

What Factors Affect Fertility? Update, p. 91.

Asia
About 40% of Indian Women Practice Contraception; Only One in Four Users Rely on Reversible Methods, Digest, p. 81.

Access to Family Planning Workers Facilitates Choice of Modern over Traditional Methods in Bangladesh, Digest, p. 86.

AIDS and Thai Children, Update, p. 130.

Are Bangladesh Data Reliable? Update, p. 90.

Bangladesh's Family Planning Success Story: A Gender Perspective, S. R. Schuler, S. M. Hashemi and A. H. Jenkins, p. 132.

China's Marriage Market Crash, Update, p. 50.

Contraceptive Discontinuation in Six Developing Countries: A Cause-Specific Analysis, see **Contraceptive Practice**.

Contraceptive Price Changes: The Impact on Sales in Bangladesh, R. L. Ciszewski and P. D. Harvey, p. 150.

Differentials in Contraceptive Use and Method Choice in Vietnam, A. Dang, p. 2.

Dramatic Recent Decline in Fertility in Bangladesh Is Matched by Substantial Rise in Contraceptive Use, Digest, p. 124.

Later Marriage in India? Update, p. 131.

Male Births Now Outnumber Female Births in South Korea, Especially in Urban Areas and for First Births, Digest, p.160.

Marriage and Childbearing Patterns Differ Greatly Across Developing World, see **Fertility: Planning and Effects**.

Pattern of IUD Use in Vietnam, H. T. Do, V. T. Hoang, P. J. Donaldson and N. L. Quan, p. 6.

Social Context of Family Planning in a South Indian Village, A. Dharmalingam, p. 98.

Why Is Oral Contraceptive Use in Vietnam So Low? J. Knodel, A. T. Phan, D. V. Truong and V. X. Dao, p. 11.

Barrier Methods
Acceptability of the Diaphragm Among Low-Income Women in São Paulo, Brazil, see **Latin American and the Caribbean**.

Acceptability of Spermicidal Film and Foaming Tablets Among Women in Three Countries, M. Steiner, A. Spruyt, C. Joanis, L. Glover, M. Cordero, G. Alvarado and C. Onoka, p. 104.

Condom Trouble—Slippage and Breakage Rates, Letter, S. Becker and R. Gray, p. 37.

Female Condom Failure Rates Are Moderate, While Incorrect Use Is Common, Digest, p. 85.

Spermicide Makes Sex Better, Update, p. 130.

Breastfeeding
Pill for Lactating Women, see **Oral Contraceptives**.

Contraceptive Practice
About 40% of Indian Women Practice Contraception; Only One in Four Users Rely on Reversible Methods, see **Asia**.

Bolivia Survey: Rhythm Accounts for One-Half of All Contraceptive Use, see **Latin America and the Caribbean**.

Contraceptive Discontinuation in Six Developing Countries: A Cause-Specific Analysis, M. Ali and J. Cleland, p. 92.

Contraceptive Use Among High School Students in Kenya, see **Africa**.

Despite Desire for Smaller Families, Few Ghanaians Practice Contraception, see **Africa**.

Despite Jamaica's High Contraceptive Prevalence Rate, More Than Two-Thirds of Pregnancies Are Unintended, see **Latin America and the Caribbean**.

Developing Countries Show Sizable Cross-National Variations in Unmet Need, Demand for Contraception, Digest, p. 161.

Differentials in Contraceptive Use and Method Choice in Vietnam, see **Asia**.

Dramatic Recent Decline in Fertility in

Bangladesh Is Matched by Substantial Rise in Contraceptive Use, see **Asia**.

In Zimbabwe, Quality Services Increase Contraceptive Prevalence, but Effect of Education Is Inconsistent, see **Africa**.

Method-Related Menstrual Irregularities, Especially Increased Bleeding, Often Lead to Discontinuation, Digest, p. 119.

Pattern of IUD Use in Vietnam, see **Asia**.

Social Context of Family Planning in a South Indian Village, see **Asia**.

Why Is Oral Contraceptive Use in Vietnam So Low? see **Asia**.

Contraceptive Research

Evidence for the Acceptability of an Injectable Hormonal Method for Men, see **Males**.

No-Expulsion IUD, see **Intrauterine Devices.**

Fertility: Planning and Effects

Despite Desire for Smaller Families, Few Ghanaians Practice Contraception, see **Africa**.

Dramatic Recent Decline in Fertility in Bangladesh Is Matched by Substantial Rise in Contraceptive Use, see **Asia**.

Impact of Women's Education on Fertility in Latin America: Searching for Explanations, see **Latin America and the Caribbean**.

Kenya DHS Shows Large Fertility Decline Since 1980s, Rise in Method Use, see **Africa**.

Male Births Now Outnumber Female Births in South Korea, Especially in Urban Areas and for First Births, see **Asia**.

Marriage and Childbearing Patterns Differ Greatly Across Developing World, Digest, p. 44.

What Factors Affect Fertility? see **Africa**.

When Fertility Seems Too High for Contraceptive Prevalence: An Analysis of Northeast Brazil, see **Latin America and the Caribbean**.

Hormonal Implants and Injectables

Evidence for the Acceptability of an Injectable Hormonal Method for Men, see **Males**.

Extension for the Implant? Update, p. 130.

Implant Removal Problems, Update, p. 51.

Pill Users Younger Than 35, Recent Injectable Users May Be at Some Increased Risk of Breast Cancer, see **Oral Contraceptives**.

Risk of Cervical Cancer in Situ May Be Elevated Among Some Women Who Used Hormonal Injectable, Digest, p. 126.

Two Combined Monthly Injectables Prove Highly Effective in Chinese Trials, Digest, p. 163.

Intrauterine Devices

IUD Insertion Problems, Update, p. 131.

No-Expulsion IUD, Update, p. 51.

Pattern of IUD Use in Vietnam, see **Asia**.

Latin America and the Caribbean

Acceptability of Spermicidal Film and Foaming Tablets Among Women in Three Countries, see **Barrier Methods.**

Acceptability of the Diaphragm Among Low-Income Women in São Paulo, Brazil, T. D. G. do Lago, R. M. Barbosa, S. Kalckmann, W. V. Villela and S. Gohiman, p. 114.

Bolivia Survey: Rhythm Accounts for One-Half of All Contraceptive Use, Digest, p. 87.

Confronting the Reality of Abortion in Latin America, Special Report, L. C. Remez, p. 32.

Contraceptive Discontinuation in Six Developing Countries: A Cause-Specific Analysis, see **Contraceptive Practice.**

Despite Jamaica's High Contraceptive Prevalence Rate, More Than Two-Thirds of Pregnancies Are Unintended, Digest, p. 40.

Family Planning Among Indigenous Populations in Latin America, A. Terborgh, J. E. Rosen, R. Santiso Gálvez, W. Terceros, J. T. Betrand and S. E. Bull, p. 143.

Fujimori's Contraceptive Coup, Update, p.131.

Impact of Women's Education on Fertility in Latin America: Searching for Explanations, T. Castro Martín and F. Juárez, p. 52.

Marriage and Childbearing Patterns Differ Greatly Across Developing World, see **Fertility: Planning and Effects**.

Peruvian Students' Knowledge of, Attitudes Toward Contraception Improved by Sex Education Programs, Digest, p. 84.

Sexual Activity and Menses, Update, p. 50.

When Fertility Seems Too High for Contraceptive Prevalence: An Analysis of Northeast Brazil, S. L. Curtis and I. Diamond, p. 58.

Males

Evidence for the Acceptability of an Injectable Hormonal Method for Men, Special Report, K. Ringheim, p. 75.

In Nigeria, Traditions of Male Dominance Favor Large Families, but Some Men Report Having Fewer Children, see **Africa**.

Men, Marriage and Fatherhood in Kinshasa, Zaire, see **Africa**.

Maternal and Child Health

Tetanus Shots in Prenatal Care, Update, p. 50.

Middle East

Autonomy and Family Planning, Update, p. 50.

Contraceptive Discontinuation in Six Developing Countries: A Cause-Specific Analysis, see **Contraceptive Practice**.

Many Pill Users in Egypt Lack Adequate Knowledge About How to Take the Pill, Digest, p. 123.

Marriage and Childbearing Patterns Differ Greatly Across Developing World, see **Fertility: Planning and Effects**.

Oral Contraceptives

Effectiveness of the Vaginal Pill, Update, p. 90.

Many Pill Users in Egypt Lack Adequate Knowledge About How to Take the Pill, see **Middle East**.

Pill for Lactating Women, Update, p. 130.

Pill Use Appears Likely to Increase Risk of Some Forms of Cervical Cancer, Digest, p. 82.

Pill Users' Overall Breast Cancer Risk Is Not Elevated; Risk Is Higher if Use Starts Early or Is Long-Term, Digest, p. 43.

Pill Users Younger Than 35, Recent Injectable Users May Be at Some Increased Risk of Breast Cancer, Digest, p. 164.

Why Is Oral Contraceptive Use in Vietnam So Low? see **Asia**.

Population Policy and Research

Are Bangladesh Data Reliable? see **Africa**.

City Living, Update, p. 51.

Impact of Interviewer's Sex, Update, p. 130.

Plea for Globally Responsible Birthing, Letter, R. M. Bowers, p. 89.

Preconditions for a Population Policy in Botswana, see **Africa**.

What Factors Affect Fertility? see **Africa**.

Program Evaluation and Funding

Access, Quality of Care and Medical Barriers in Family Planning Programs, Comment, J. T. Bertrand, K. Hardee, R. J. Magnani and M. A. Angle, p. 64.

Sex Education

Peruvian Students' Knowledge of, Attitudes Toward Contraception Improved by Sex Education Programs, see **Latin America and the Caribbean**.

Sexual Behavior
Condom Use for Paid Sex, Update, p. 90.

Rural Tanzanian Youths' First Intercourse Is Early, Number of Partners High, see **Africa**.

Sex Difference in Sex Reporting, Update, p. 90.

Sexual Activity and Menses, see **Latin America and the Caribbean**.

Sexually Transmitted Diseases
AIDS Is Deadly for Business, Too, Update, p. 50.

Virus Versus Virus, Update, p. 90.

Status of Women
Bangladesh's Family Planning Success Story: A Gender Perspective, see **Asia.**

Impact of Women's Education on Fertility in Latin America: Searching for Explanations, see **Latin America and the Caribbean**.

The Women's Conference: Where Aspirations and Realities Met, Special Report, J. H. Johnson and W. Turnbull, p. 155.

Sterilization
Fujimori's Contraceptive Coup, see **Latin America and the Caribbean**.

Quinacrine and Cancer Risk, Update, p. 131.

Vasectomy on the Rise in Mexico, Update, p. 91.

Teenagers
Contraceptive Use Among High School Students in Kenya, see **Africa**.

Peruvian Students' Knowledge of, Attitudes Toward Contraception Improved by Sex Education Programs, see **Latin America and the Caribbean**.

Rural Tanzanian Youths' First Intercourse Is Early, Number of Partners High, see **Africa**.
